## Varsity-Aggie Annual Battle

### Logan Fights for New Honors and Utah to Defend Title in Game Today.

The gridiron battle scheduled for today between the State university and the Agricultural college is by far the most important that has ever been played between these two schools. Heretofore it was known beforehand that the State university would win, except four years ago, when Utah was represented by a team that really belonged in the high school class. Today the football critics are guessing on the outcome and all because the Aggies have a new coach. The material is no better, in fact probably not as good, as in some of the past seasons, but Coach Walker has inspired a confidence in his ability that leads many to believe that at last the farmers have come into their own.

A victory over Utah today by the Aggies, or a close score will place two Utah teams on the Rocky Mountain football map instead of one, as has been the case in the past. Each year, instead of looking on the Logan game as a mere practice, Utah will have to stop and consider the farmers when making its claims for the championship. Should the A. C. win it will be a great feather in Coach Walker's cap, should they lose and yet gain the "varsity" a creditable battle, it will mean that Walker has done well in the short time he has been with the team.

#### Will Be First Big Game.

It is rather hard to get a line on the ability of the A. C. team as they have not had a fight this season worthy of the name. The beating of the teams in the high school class cannot be taken as a criterion on which to get a line on the team, as such victories should have been made without the aid of a coach. Today will therefore be the first and only test the A. C. team has had this season, and it can be truly said that the Utah players are confident that the team will be equal to the task.

In the lineup of the old time stars, who have shown remarkable undeveloped ability to play the game. They know what it means to be defeated by the University of Utah and believe that their time has come to help wipe out these defeats with a victory.

The Utah team will be in much better condition for the game this afternoon than it was expected on Thursday night, when the team was practically demoralized. It is understood that Anderson will not be in the game today, as a result of the upheaval of Thursday. Anderson refused to be comforted by the "apologies" offered Coach Maddock and his men for the apparently unwarranted attack on the team. The loss of Anderson means much, as he is clearly one of the stars of the team and could not be replaced. Convill, although crippled, will probably start in the game. Otherwise the men are, or should be, in good condition for a fighting struggle.

In practice last night the boys showed up well, but it was felt that they were to show whether they will put forth the fighting spirit that beat Golden two weeks ago. The student body has organized and will get behind the men with all the spirit possible, and this will help matters along. It is expected that nearly the entire town of Logan will take a special train this morning to root for the farmers. Wearing big badges, "Beat U or Bust," they are coming prepared to bust if they

get beaten. The game is scheduled for 3 o'clock and the lineup announced last night were as follows:

A. C.  
Holsworth, L. E. .... Bennett  
(Monahan)  
Seely, L. T. .... Madden  
Morris, L. G. .... Hansen  
Palm, R. G. .... McCormick  
Bryant, R. T. .... Peterson  
Huston, Snow, R. E. .... Holden, Carden  
Grant, Q. B. .... Eggert  
Russett, J. H. B. .... Peterson  
Richardson, R. H. B. .... Prew  
Convill, Ferguson, F. H. .... Bossard

## RECEPTION FOR CARNEGIE

### Man Who Gave Lake to Princeton Entertained by Enthusiastic Students.

Princeton, N. J., Nov. 8.—Andrew Carnegie was given an enthusiastic reception in the gymnasium of Princeton university today when he presented to the winning crew of the interclass rowing regatta the silver cup given by himself and Mrs. Carnegie. Surrounded by an audience of about 300 students and parents who gathered for the senior promenade tonight and the Amherst-Princeton football game tomorrow, the donor of the new lake was loudly cheered in appreciation of his gift to Princeton. This lake was constructed at a cost of \$400,000 and made rowing possible at the university.

In the main event of the regatta the four crews raced neck and neck for two miles, the sophomores winning by half a length.

## POOL RESULTS.

Two pool matches were played in the afternoon game yesterday. In the first game, a score of 35 for Seymour and 15 for Robinson, the latter made a sensational run of 20 points, which he failed on a long out shot for the corner. Seymour then ran out, winning the game. Seymour's high run, in Robinson's high run, 20.

In the evening game Alvin Cain sprang a surprise by sending thirty balls down on the first inning. Later he negotiated twenty-seven. His steady work was too much for Winters, who, although getting a high run of twenty-three, was unable to beat his opponent. The final score was: Cain, 100; Winters, 85.

This afternoon Dr. Arnold meets Ed McKenzie.

## TURF RESULTS.

At Aqueduct.

## AGREE ON WEIGHT.

Sullivan and Unholz Meet Today to Sign Articles.

After much talking and haggling over weight conditions, Pete Sullivan and Rudolph Unholz are to meet in the ring according to Manager Tom Osborne of Sullivan. This match was made once and for all when it came to signing articles the men could not agree on weight conditions. Osborne said he received word from Manager Guinness yesterday that he would be in Salt Lake today and that he would be ready to sign up at catch weights. This Osborne says was agreeable to him and that he would do business for Pete as soon as they arrived in town.

## HIGH SCHOOL VS. ALL HALL

Meet This Morning on Cummings' Field for First Time.

The Salt Lake High school and All Hallows team meet for the first time this season today. The game is scheduled for Cummings' field and will be played this forenoon so as not to interfere with the Utah-Aggie game in the afternoon. The game is called for 10:30.

This will be the first meeting of the two schools this season. Last year they played a nothing to nothing game and both teams hope for better results today.

## UNIONS, 15; GRANTS, 12.

The Unions beat the Grants yesterday by a score of 15 to 12. The winners lined up: Herman Dittman, c.; Heber Swann, g.; Joseph Bult, t.; Alf Fernstrom, r. e.; Will Jakes, r. g.; Joe MacNamara, r. e.; Ralph Dowe, r. e.; Clarence Ridd, q.; Harvey Kilpatrick, l. h. b.; Tom Part-ridge, r. h. b.; Melvin Openshaw, f. b.

## STIRS BAD BLOOD AT UNIVERSITY

Continued from Page 1.

team is a legitimate member of the university, taking work which it is there to furnish, and not merely shuffling through the enthusiastic backing of students who look at him instead of to themselves for results, and with the support of a desperate coach whose whole reputation and future prospects may depend on his record for winning games. Student athletes and not athletic hoboes are what the team needs, and to guarantee a permanent supply of them Utah may well turn to the development of the squad at this time.

"Other Utah schools look to the university for their standards and justification of what they are doing. For coaches of these institutions to be forcing the university in the matter of athletic purity was a peculiar experience of only a few years ago. Personally, I love much more to see men like Bennion grow year after year in skill while playing for a study, and going to a Utah home after play, than to see men like the Hopes, the McKennas, the Fergusons, flashing up on the campus for a game or two, achieve sudden place in college fame through a whispered word that they come from Michigan, part of the holy trinity in line plunging at Purdue, or played a great defensive game as guard at Stanford.

"The day should be on its way to sunset when groups of students will gather all hall in glee and whisper that the team is safe because Convill, with all his Western reputation, has arrived and will fill that place of Bennion's which in all the four years Bennion has been here students aspired to, few students prepared for and few students thought of with a realization that some one else must not get that ball out of dangerous positions, or run up the score with field goals.

"There is one more thing. When Coach Maddock came there were few high school men in Utah, and the best of his men were there right on Cummings field. Of such were Bennion, Russell, Wade and Peterson. Every year a few men are turned out who began their experience on the home ground, and for a few years no one knows exactly how, and a few this year come from the Salt Lake High school well trained for advanced play. Here the students must look without their own circles for weight and skill, why not look to the high school to encourage the game there and bring up the youngsters of the squad as guests of the associated students at each big game? This is merely a suggestion of the good to be derived from such a step as has been taken in supplying this need of the community.

"The speaker introduced Dr. W. M. Paden, recalling that he was the first minister to stretch forth a welcoming hand when he began the work there. Dr. Paden said that he could declare again, "God bless you," and could say it with more faith added to by the good works of the parson. Dr. Paden spoke of the fear of teaching religion in the schools, and made some clever allusions to the fact that the legislature needed no more prayers of the kind offered for it worse than the children did.

"The speaker said there was one creed, one law and one prayer which must be taught in any school or college in the country without fear of treading on anyone's belief, the twenty-third Psalm, the law of love, and the Lord's prayer. "I know these will be taught here," he said, "and I see no reason why they should not be taught everywhere."

"Delightful music was furnished by the church orchestra, and by Mrs. Browning and Mrs. Nellie Pinkerton Moore. After the building had been inspected, refreshments were served and a special hour passed.

In addition to the kindergarten room, which is ample for more than fifty children, there is to be a children's library and study room, and later an outdoor gymnasium will be connected with the work.

**JAMES OWENS LIES AT REST**  
Impressive Services Conducted in St. Mary's Catholic Cathedral—Hundreds of Friends Attend.

The funeral services in connection with the death of James Owens, which were held yesterday forenoon in St. Mary's cathedral, were impressive to a degree. The cathedral was crowded with friends and schoolmates of the young man, whose sudden death had come to them as a severe blow. The hearse was escorted from the residence by the All Hallows college band and the All Hallows cadet corps, former schoolmates of Mr. Owens. As the casket was lowered from the hearse and taken into the cathedral, the strains of "Stabat Mater," the boys of the cadet corps came to "present arms."

Following the requiem mass the funeral cortege moved to Mt. Calvary cemetery, where the body was buried with the last ceremonies of the Catholic church.

Manila, Nov. 8.—A Japanese and an American negro had a fight at Olangoapo over the right of the Japanese to place his national flag higher than the American ensign on the birthday of the emperor of Japan. The negro was arrested and the Japanese was sent to the hospital.

## CHILDREN'S ROOMS OPEN

### Kindergarten Institution of Phillips Congregational Church Dedicated With Appropriate Exercises.

The newly completed kindergarten rooms of the Phillips Congregational church were opened last evening with appropriate ceremonies, a large portion of the congregation and many friends taking part. The attractive rooms which have been added to the church were thrown open, and friends were shown through and given every opportunity to enjoy the beautiful gift of an unknown donor. The children themselves were there ready to do their part in entertaining, and before they passed into the new part of the building, they gave an interesting drill and march in the rooms formerly used. A short program preceded this, the Rev. P. A. Simpkin leading with a brief talk on the purposes of the church as it grows in its institutional work. He spoke of the selfishness of the man who has made the larger work possible, and who, while keeping his name from the public, gives to the community this good gift. He assured his hearers that the children sent there would be taught no one shade of belief, nor would they receive any teachings interfering with the teachings of the parents.

State Superintendent A. C. Nelson followed with a short talk on the value of kindergarten work. He quoted Froebel's favorite saying, "Seek ye first the kingdom of God," as applied to all of the kindergarten, and spoke most cordially of the good to be derived from such a step as has been taken in supplying this need of the community.

The parson introduced Dr. W. M. Paden, recalling that he was the first minister to stretch forth a welcoming hand when he began the work there. Dr. Paden said that he could declare again, "God bless you," and could say it with more faith added to by the good works of the parson. ## A CONSTANT ANNOYANCE.

Half the nervousness, half the irritability that is so common in everyday life, is really sickness, and in most cases a condition that accompanies kidney trouble.

It is the work of the kidneys to keep the blood free from uric acid and other poisons, but when the kidneys are sick and not doing their duty, the uric acid poisons permeates the body, and attacks body, brain and nerves. The irritation causes nervousness, irritability, headache, dizzy spells; makes you languid, unfit for work, and inclined to worry over trifles. Besides, there is nothing more annoying than a bad back, and backache is the most common sign of kidney trouble. You feel lame and tired in the morning, suffer day and night with a dull aching in the back, and it hurts to stoop or bend or lift.

Keep your temper cool, and get the kidneys well. No person can feel cheerful and healthy if the kidneys are the least bit affected. A few doses of Doan's Kidney Pills, taken in the beginning, will set the kidneys right.

Continued treatment cures cases of long standing. Doan's Kidney Pills are for the kidneys only, and contain no poisonous nor habit-forming drugs. They relieve nervousness and inflammation of the kidneys, drive off dangerous uric poisons, dissolve and remove gravel, and rid the body of all watery waste.

Thousands of cures prove the merit of Doan's Kidney Pills. Here is a case at home:

### A HERALD CASE.

J. M. Swem, dealer in mining and milling machinery of 28 South Third West street, Salt Lake City, Utah, postoffice box No. 159, says: "I think Doan's Kidney Pills are unequalled for the treatment of kidney ailments and for this reason am glad to recommend them. For three years I was suffering all the time with such troubles, and got worse and worse until I was told I had an advanced case of diabetes. I was advised to use Doan's Kidney Pills and got a box at the F. J. Hill Drug Co.'s store. I felt relieved before I had finished one box and kept on until I had taken four boxes. I consider myself cured, and hope that my testimony will be the means of bringing relief to some other sufferer."
